GCC GIFT CERTIFICATES— “SMART” HOLIDAY SHOPPING

Deptford Twp. - Gloucester County College gift certificates make giving the “Gift of Education” a smart and easy shopping choice this holiday season.

Just in time for the Christmas rush, GCC has launched a new gift certificate pilot venture offering consumers a way to support the academic endeavors of their favorite students. A present that is never the wrong size or color, GCC gift certificates provide college students with valuable financial assistance as well as yielding a great long-term investment. Gift certificates are good towards credit-course tuition and all fees and can be purchased in any denomination beginning at \$50.

“This is such a wonderful gift idea, pragmatic yet appreciated,” said GCC President Dr. Russell A. Davis. “By giving the gift of education, the financial burden on the college student is lessened. The rewards, however, continue far into the future. It is definitely money well spent.”

And, unlike the sweater that may lie in the drawer and never get worn, GCC gift certificates are transferable. If one person doesn’t use the gift, another can. Certificates expire 24 months from the date of purchase so there’s plenty of time to redeem.

GCC gift certificates may be purchased at the Business Office in the Student Services building or by phone with a credit card. Phone orders will be mailed to either the purchaser or the recipient, with no charge for postage. Office hours are Monday through Friday, 9 a.m. to 4:30 p.m. and Wednesday until 7 p.m. The College will be closed for the holidays December 24 through January 4.

For more information, visit www.gccnj.edu/gift or call the Gift Certificate Hotline at (856) 681-6200.

Gloucester County College's 250-acre campus is located on Tanyard Road off exit 56 of Route 55.

Located in Deptford Township, N.J., Gloucester County College is a comprehensive two-year institution of higher learning with more than 6,000 full- and part-time day and evening students enrolled in 70 academic programs in business, humanities, allied health, technologies and the math and sciences. An additional 10,000 men and women are registered in the college's non-credit Continuing Education Division classes.
