The 2009-10 Roadrunners pulled out a win on opening night of the wrestling season

Layton was pleased with his opening night performance but sees room for improvement individually and for the team. "We are a lot stronger as a team than we were last season but tonight was just a so so performance," Layton said. "I felt good warming up and got the win but we all need to work on the little stuff and work together in the room if we are going to compete for a national championship." A national qualifier last season, he hopes to improve this year and reach the All-American round at the National Tournament.
