

## *Articulation Agreements (University Center Tab)*

### **What is an Articulation Agreement?**

Articulation is the process of developing a formal, written agreement that identifies a course or a group of courses offered on a "sending" campus that are comparable to, or acceptable in lieu of, specific course requirements at a "receiving" campus. Successful completion of an articulated course assures the student and the faculty that the student has taken the appropriate course, received the necessary instruction and preparation, and that similar outcomes can be assured, enabling progression to the next level of instruction at the receiving institution.

GCC currently has the following articulation agreements with other colleges:
