

Let GCC Come to You

GCC offers three types of eLearning opportunities: online courses, telecourses and interactive television (ITV) courses. What do the courses have in common? Students find them to be:

- High quality
- Student-friendly
- Convenient
- Flexible

Online Courses

Online courses are Internet-based courses where the classroom is the course web site. Students in online courses must have an e-mail address and frequent, easy access to a computer with broadband Internet access. To access the features of an online course, students must use Internet Explorer 7.0 or higher or FireFox 3.0 or higher.

For students taking online courses for the first-time, an online orientation is mandatory. It can be found at <http://elearning.gccnj.edu>.

All fees remain the same as listed for classroom courses.

Telecourses

Telecourses are presented visually via video cassette, DVD, or streaming video content.

All fees remain the same as listed for classroom courses.

ITV Courses

Interactive television courses are broadcast from the GCC campus to interactive sites within Gloucester County.

Keeping in Touch

Students in eLearning courses maintain regular contact with their instructors. Guidance is never more than an e-mail or phone call away.

eLearning courses are part of GCC's regular course offerings and are fully equivalent to courses taught on campus. Courses may be applied to a GCC degree or certificate, taken as electives, or for general interest or professional development. The faculty for these courses are the same professional experts you meet in our classrooms, and the learning experience is equally rewarding.

Students enrolled in eLearning courses have the full-range of student and academic services available to them including library resources, academic advising, tutoring, counseling, and the convenience of purchasing textbooks online!

For More Information

Call 856-415-2241 for general information about eLearning courses or go to the GCC Web site at www.gccnj.edu. Once there, click on the Academics link and then click on the eLearning link.

Fall 2009 eLearning Classes

Classes Begin Monday, September 15

All of the courses listed below are taught by GCC faculty. All credits earned will be awarded on students' GCC transcripts.

Course Code Key

All evening classes are indicated in **BOLD**

Classes with special Start and/or End dates are highlighted with a gray shade

Courses that require a computer — Online or Hybrid — are highlighted in blue type

- # **Online course:** All course requirements are completed online. Scheduled classroom meetings are not required. For first-time, online students an online orientation is mandatory (see page 13).
- < **Hybrid course:** At least 50% of course activity is presented and student interaction is conducted in a regularly scheduled classroom. No more than 50% of the required course load is presented via a browser.
- @ **Web Enhanced course:** All class meetings take place on campus in the scheduled classroom. Course materials, tests and assignments may be online.
